House rules

Johannes-Helm-Grundschule, Schwabach

We want to live and work together in such a way that all children, Teachers, staff and parents feel comfortable.

Golden rules

I don't hurt anyone –

- not on the body
- not in the heart.

I use the stop hand and pay attention to it.

I resolve conflicts fairly and through discussion.

I feel responsible for our school. I keep it tidy and clean and don't break anything. That also applies to the toilets.

I complete my tasks on time and regularly.

School building and school grounds

I am quiet in the stairwell and hallways during class time.
I always walk on the right side. I don't run or push.

I say goodbye to my parents in front of the school grounds.

I push my bike or scooter to the racks.

Mobile phones and smartwatches must remain switched off and in school bags throughout the entire school grounds.

My jacket and gym bag are hanging in the locker / wardrobe.
I'm only touching my locker.

I wear slippers in the school building.

Valuables (including electronic devices), dangerous toys and trading cards should be left at home.

I stay on the school grounds during breaks and in the afternoons during the all-day program.

I throw my trash in the trash can.

In winter I don't throw snowballs or slide on ice.

pause

I quickly go to the schoolyard and spend the break outside.

If it rains, I stay under the roofs or, if there is an announcement, in the classroom.

I will follow the rules we discussed.

- on the climbing frame
- on the balancing course
- in the hammock and
- at the ball basket.

If I have problems, I go to the break supervisor in the yellow vest.

In the quiet zone , I walk slowly and quietly.

I take good care of our recess play box.

I pay attention to the division when playing table tennis.

Playing football is forbidden in the schoolyard.

After the break, I quickly return directly to the classroom.

School's out

After the end of class, I immediately leave the school grounds.

While waiting for the bus, I stand neatly at the bus stop.
I will not do anything that could endanger myself or others.

Note: Waiting time at the bus stop is not the responsibility of the school.

And very important

Should something go wrong or I have done something wrong:

Excuse me!

Saying it doesn't hurt. That often prevents a big argument.
